**ATTN: GOLF CLUBS & GOLFERS!! THE VT-20 VIBRATION PLATFORM HAS BEEN PROVEN TO HELP GOLFERS!** When you stand on the VT-20 Vibration Machine, it produces vertical vibrations from a side-alternating rocking movement which simulates walking. Our body reacts to this natural stimulus with an involuntary reflex body reaction. Depending on the speed, your muscles will react up to 30 times per second and as the acceleration forces increase; your body will feel as though it "weighs" more. This clever vibration technology means you can work against a far greater influence or "load" of gravity in every movement you perform. That's less stress on the joints, ligaments and tendons when compared to regular resistance training. The result-more benefits in far less time than conventional machine exercise. Unlike other fitness or health machines, the VT-20 Vibration Machine is particularly unique because it achieves results for a wide range of health objectives for all ages and body types. **PROVEN BENEFITS:** Drive Length, Accuracy, Injuries, Flexibility, Pre and Post Warm-up/Cool Down, Shoulder, foot and neck massage, Strength, Cardio, Smoother Swing & Better Stability **REGULAR \$2399 NOW ON SALE FOR \$2099 + TAX.** <http://t-zonevibration.com/top-10-benefits-of-whole-body-vibration-for-golfers>.
